

**UNITED STATES DISTRICT COURT
SOUTHERN DISTRICT OF NEW YORK**

_____, Individually and on Behalf of All
Others Similarly Situated,

Plaintiff,

v.

PAGAYA TECHNOLOGIES LTD., GAL
KRUBINER, EVANGELOS PERROS, and
MICHAEL KURLANDER,

Defendants.

Case No.

CLASS ACTION COMPLAINT

JURY TRIAL DEMANDED

Plaintiff _____ (“Plaintiff”), individually and on behalf of all others similarly situated, by Plaintiff’s undersigned attorneys, for Plaintiff’s complaint against Defendants, alleges the following based upon personal knowledge as to Plaintiff and Plaintiff’s own acts, and information and belief as to all other matters, based upon, *inter alia*, the investigation conducted by and through Plaintiff’s attorneys, which included, among other things, a review of the Defendants’ public documents, conference calls and announcements made by Defendants, United States (“U.S.”) Securities and Exchange Commission (“SEC”) filings, wire and press releases published by and regarding Pagaya Technologies Ltd. (“Pagaya” or the “Company”), analysts’ reports and advisories about the Company, and information readily obtainable on the Internet. Plaintiff believes that substantial, additional evidentiary support will exist for the allegations set forth herein after a reasonable opportunity for discovery.

NATURE OF THE ACTION

1. This is a federal securities class action on behalf of a class consisting of all persons and entities other than Defendants that purchased or otherwise acquired Pagaya securities between

June 23, 2022 and February 10, 2025, both dates inclusive (the “Class Period”), seeking to recover damages caused by Defendants’ violations of the federal securities laws and to pursue remedies under Sections 10(b) and 20(a) of the Securities Exchange Act of 1934 (the “Exchange Act”) and Rule 10b-5 promulgated thereunder, against the Company and certain of its top officials.

2. Pagaya is a product-focused technology company that purportedly deploys data science and proprietary artificial intelligence (“AI”)-powered technology for financial institutions and investors in the U.S., Israel, the Cayman Islands, and internationally. The Company purports to develop and implement proprietary AI technology and related software solutions to assist partners to originate loans and other assets.

3. Throughout the Class Period, Defendants made materially false and misleading statements regarding the Company’s business, operations, and compliance policies. Specifically, Defendants made false and/or misleading statements and/or failed to disclose that: (i) Pagaya used investor funds to absorb high-risk loan tranches; (ii) accordingly, Defendants had overstated Pagaya’s risk management practices; (iii) Pagaya engaged in questionable financial maneuvers to inflate fees and attempt to mask impairments; (iv) all the foregoing, once revealed, was likely to have a significant negative impact on Pagaya’s business and reputation; and (v) as a result, Defendants’ public statements were materially false and misleading at all relevant times.

4. On February 11, 2025, Iceberg Research (“Iceberg”) published a report alleging that Pagaya misled investors about its financial health and exposure to risk. The Iceberg report asserted, among other things, that Pagaya used investor funds to absorb high-risk loan tranches, contradicting the Company’s public claims about risk distribution, and engaged in questionable financial maneuvers to inflate fees and attempt to mask impairments.

5. On this news, Pagaya's Class A ordinary share price fell \$1.70 per share, or 13.07%, to close at \$11.31 per share on February 11, 2025.

6. As a result of Defendants' wrongful acts and omissions, and the precipitous decline in the market value of the Company's securities, Plaintiff and other Class members have suffered significant losses and damages.

JURISDICTION AND VENUE

7. The claims asserted herein arise under and pursuant to Sections 10(b) and 20(a) of the Exchange Act (15 U.S.C. §§ 78j(b) and 78t(a)) and Rule 10b-5 promulgated thereunder by the SEC (17 C.F.R. § 240.10b-5).

8. This Court has jurisdiction over the subject matter of this action pursuant to 28 U.S.C. § 1331 and Section 27 of the Exchange Act.

9. Venue is proper in this District pursuant to Section 27 of the Exchange Act (15 U.S.C. § 78aa) and 28 U.S.C. § 1391(b). Pagaya is headquartered in this District, Defendants conduct business in this District, and a significant portion of Defendants' actions took place within this District.

10. In connection with the acts alleged in this complaint, Defendants, directly or indirectly, used the means and instrumentalities of interstate commerce, including, but not limited to, the mails, interstate telephone communications, and the facilities of the national securities markets.

PARTIES

11. Plaintiff, as set forth in the attached Certification, acquired Pagaya securities at artificially inflated prices during the Class Period and was damaged upon the revelation of the alleged corrective disclosures.

12. Defendant Pagaya is organized under the laws of Israel with principal executive offices located at 335 Madison Avenue, 16th Floor, New York, New York 10017. The Company's Class A ordinary shares and warrants trade in an efficient market on the NASDAQ Stock Market ("NASDAQ") under the ticker symbols "PGY" and "PGYWW," respectively.

13. Defendant Gal Krubiner ("Krubiner") has served as Pagaya's Chief Executive Officer and a director of the Company at all relevant times. Defendant Krubiner is also a co-founder of the Company.

14. Defendant Evangelos Perros ("Perros") has served as Pagaya's Chief Financial Officer ("CFO") since February 2024, before which he served as the Company's interim CFO since November 2023.

15. Defendant Michael Kurlander ("Kurlander") served as Pagaya's CFO from before the start of the Class Period to November 2023.

16. Defendants Krubiner, Perros, and Kurlander are collectively referred to herein as the "Individual Defendants."

17. The Individual Defendants possessed the power and authority to control the contents of Pagaya's SEC filings, press releases, and other market communications. The Individual Defendants were provided with copies of Pagaya's SEC filings and press releases alleged herein to be misleading prior to or shortly after their issuance and had the ability and opportunity to prevent their issuance or to cause them to be corrected. Because of their positions with Pagaya, and their access to material information available to them but not to the public, the Individual Defendants knew that the adverse facts specified herein had not been disclosed to and were being concealed from the public, and that the positive representations being made were then

materially false and misleading. The Individual Defendants are liable for the false statements and omissions pleaded herein.

18. Pagaya and the Individual Defendants are collectively referred to herein as “Defendants.”

SUBSTANTIVE ALLEGATIONS

Background

19. Pagaya is a product-focused technology company that purportedly deploys data science and proprietary AI-powered technology for financial institutions and investors in the U.S., Israel, the Cayman Islands, and internationally. The Company purports to develop and implement proprietary AI technology and related software solutions to assist partners to originate loans and other assets.

Materially False and Misleading Statements Issued During the Class Period

20. The Class Period begins on June 23, 2022, when Pagaya’s securities began publicly trading on the NASDAQ pursuant to the materially false and/or misleading statements or omissions contained in the registration statement and proxy statement/prospectus (collectively, the “Offering Documents”) issued in connection with its formation as a public company. The Offering Documents stated, *inter alia*:

We have developed risk management policies and procedures and we continue to refine them as we conduct our business. Many of our procedures involve oversight of third-party vendors that provide us with critical services such as information technology systems and infrastructure, portfolio management, custody, market data expenses and fund accounting and administration and pricing services [W]e maintain insurance and use other traditional risk-shifting tools, such as third-party indemnification, to manage certain exposures[.]

21. On April 25, 2024, Pagaya filed an annual report on Form 10-K with the SEC, reporting the Company’s financial and operating results for the quarter and year ended December

31, 2023 (the “2023 10-K”). The 2023 10-K stated, *inter alia*, that “[w]e believe our mission will be accomplished by becoming the trusted lending technology partner for the consumer finance ecosystem . . . fueled by effective and efficient capital and risk management[.]”

22. The 2023 10-K also stated, in relevant part:

Goodwill is tested for impairment at the reporting unit level annually or whenever indicators of impairment exist The Company may assess goodwill for impairment initially using a qualitative approach, referred to as “step zero”, to determine whether conditions exist to indicate that it is more likely than not that the fair value of a reporting unit is less than its carrying amount. If management concludes, based on its assessment of relevant events, facts and circumstances, that it is more likely than not that a reporting unit’s carrying value is greater than its fair value, then a quantitative analysis will be performed to determine if there is any impairment. The Company may alternatively elect to initially perform a quantitative assessment and bypass the qualitative assessment. A goodwill impairment loss is recognized for the amount that the carrying amount of a reporting unit, including goodwill, exceeds its fair value, limited to the total amount of goodwill allocated to that reporting unit. Therefore, if the fair value of a reporting unit exceeds its carrying amount, goodwill of the reporting unit is not impaired.

23. The statements referenced in ¶¶ 20-22 were materially false and misleading because Defendants made false and/or misleading statements, as well as failed to disclose material adverse facts about the Company’s business, operations, and compliance policies. Specifically, Defendants made false and/or misleading statements and/or failed to disclose that: (i) Pagaya used investor funds to absorb high-risk loan tranches; (ii) accordingly, Defendants had overstated Pagaya’s risk management practices; (iii) Pagaya engaged in questionable financial maneuvers to inflate fees and attempt to mask impairments; (iv) all the foregoing, once revealed, was likely to have a significant negative impact on Pagaya’s business and reputation; and (v) as a result, Defendants’ public statements were materially false and misleading at all relevant times.

The Truth Emerges

24. On February 11, 2025, Iceberg published a report alleging that Pagaya misled investors about its financial health and exposure to risk. The Iceberg report asserted, among other

things, that Pagaya used investor funds to absorb high-risk loan tranches, contradicting the Company's public claims about risk distribution, and engaged in questionable financial maneuvers to inflate fees and attempt to mask impairments.

25. On this news, Pagaya's Class A ordinary share price fell \$1.70 per share, or 13.07%, to close at \$11.31 per share on February 11, 2025.

26. As a result of Defendants' wrongful acts and omissions, and the precipitous decline in the market value of the Company's securities, Plaintiff and other Class members have suffered significant losses and damages.

SCIENTER ALLEGATIONS

27. During the Class Period, Defendants had both the motive and opportunity to commit fraud. They also had actual knowledge of the misleading nature of the statements they made, or acted in reckless disregard of the true information known to them at the time. In so doing, Defendants participated in a scheme to defraud and committed acts, practices, and participated in a course of business that operated as a fraud or deceit on purchasers of the Company's securities during the Class Period.

PLAINTIFF'S CLASS ACTION ALLEGATIONS

28. Plaintiff brings this action as a class action pursuant to Federal Rule of Civil Procedure 23(a) and (b)(3) on behalf of a Class, consisting of all those who purchased or otherwise acquired Pagaya securities during the Class Period (the "Class"); and were damaged upon the revelation of the alleged corrective disclosures. Excluded from the Class are Defendants herein, the officers and directors of the Company, at all relevant times, members of their immediate families and their legal representatives, heirs, successors or assigns and any entity in which Defendants have or had a controlling interest.

29. The members of the Class are so numerous that joinder of all members is impracticable. Throughout the Class Period, Pagaya securities were actively traded on the NASDAQ. While the exact number of Class members is unknown to Plaintiff at this time and can be ascertained only through appropriate discovery, Plaintiff believes that there are hundreds or thousands of members in the proposed Class. Record owners and other members of the Class may be identified from records maintained by Pagaya or its transfer agent and may be notified of the pendency of this action by mail, using the form of notice similar to that customarily used in securities class actions.

30. Plaintiff's claims are typical of the claims of the members of the Class as all members of the Class are similarly affected by Defendants' wrongful conduct in violation of federal law that is complained of herein.

31. Plaintiff will fairly and adequately protect the interests of the members of the Class and has retained counsel competent and experienced in class and securities litigation. Plaintiff has no interests antagonistic to or in conflict with those of the Class.

32. Common questions of law and fact exist as to all members of the Class and predominate over any questions solely affecting individual members of the Class. Among the questions of law and fact common to the Class are:

- whether the federal securities laws were violated by Defendants' acts as alleged herein;
- whether statements made by Defendants to the investing public during the Class Period misrepresented material facts about the business, operations and management of Pagaya;
- whether the Individual Defendants caused Pagaya to issue false and misleading financial statements during the Class Period;
- whether Defendants acted knowingly or recklessly in issuing false and misleading financial statements;

- whether the prices of Pagaya securities during the Class Period were artificially inflated because of the Defendants' conduct complained of herein; and
- whether the members of the Class have sustained damages and, if so, what is the proper measure of damages.

33. A class action is superior to all other available methods for the fair and efficient adjudication of this controversy since joinder of all members is impracticable. Furthermore, as the damages suffered by individual Class members may be relatively small, the expense and burden of individual litigation make it impossible for members of the Class to individually redress the wrongs done to them. There will be no difficulty in the management of this action as a class action.

34. Plaintiff will rely, in part, upon the presumption of reliance established by the fraud-on-the-market doctrine in that:

- Defendants made public misrepresentations or failed to disclose material facts during the Class Period;
- the omissions and misrepresentations were material;
- Pagaya securities are traded in an efficient market;
- the Company's shares were liquid and traded with moderate to heavy volume during the Class Period;
- the Company traded on the NASDAQ and was covered by multiple analysts;
- the misrepresentations and omissions alleged would tend to induce a reasonable investor to misjudge the value of the Company's securities; and
- Plaintiff and members of the Class purchased, acquired and/or sold Pagaya securities between the time the Defendants failed to disclose or misrepresented material facts and the time the true facts were disclosed, without knowledge of the omitted or misrepresented facts.

35. Based upon the foregoing, Plaintiff and the members of the Class are entitled to a presumption of reliance upon the integrity of the market.

36. Alternatively, Plaintiff and the members of the Class are entitled to the presumption of reliance established by the Supreme Court in *Affiliated Ute Citizens of the State of Utah v. United States*, 406 U.S. 128, 92 S. Ct. 2430 (1972), as Defendants omitted material information in their Class Period statements in violation of a duty to disclose such information, as detailed above.

COUNT I

(Violations of Section 10(b) of the Exchange Act and Rule 10b-5 Promulgated Thereunder Against All Defendants)

37. Plaintiff repeats and re-alleges each and every allegation contained above as if fully set forth herein.

38. This Count is asserted against Defendants and is based upon Section 10(b) of the Exchange Act, 15 U.S.C. § 78j(b), and Rule 10b-5 promulgated thereunder by the SEC.

39. During the Class Period, Defendants engaged in a plan, scheme, conspiracy and course of conduct, pursuant to which they knowingly or recklessly engaged in acts, transactions, practices and courses of business which operated as a fraud and deceit upon Plaintiff and the other members of the Class; made various untrue statements of material facts and omitted to state material facts necessary in order to make the statements made, in light of the circumstances under which they were made, not misleading; and employed devices, schemes and artifices to defraud in connection with the purchase and sale of securities. Such scheme was intended to, and, throughout the Class Period, did: (i) deceive the investing public, including Plaintiff and other Class members, as alleged herein; (ii) artificially inflate and maintain the market price of Pagaya securities; and (iii) cause Plaintiff and other members of the Class to purchase or otherwise acquire Pagaya securities and options at artificially inflated prices. In furtherance of this unlawful scheme, plan and course of conduct, Defendants, and each of them, took the actions set forth herein.

40. Pursuant to the above plan, scheme, conspiracy and course of conduct, each of the Defendants participated directly or indirectly in the preparation and/or issuance of the quarterly and annual reports, SEC filings, press releases and other statements and documents described above, including statements made to securities analysts and the media that were designed to influence the market for Pagaya securities. Such reports, filings, releases and statements were materially false and misleading in that they failed to disclose material adverse information and misrepresented the truth about Pagaya's finances and business prospects.

41. By virtue of their positions at Pagaya, Defendants had actual knowledge of the materially false and misleading statements and material omissions alleged herein and intended thereby to deceive Plaintiff and the other members of the Class, or, in the alternative, Defendants acted with reckless disregard for the truth in that they failed or refused to ascertain and disclose such facts as would reveal the materially false and misleading nature of the statements made, although such facts were readily available to Defendants. Said acts and omissions of Defendants were committed willfully or with reckless disregard for the truth. In addition, each Defendant knew or recklessly disregarded that material facts were being misrepresented or omitted as described above.

42. Information showing that Defendants acted knowingly or with reckless disregard for the truth is peculiarly within Defendants' knowledge and control. As the senior managers and/or directors of Pagaya, the Individual Defendants had knowledge of the details of Pagaya's internal affairs.

43. The Individual Defendants are liable both directly and indirectly for the wrongs complained of herein. Because of their positions of control and authority, the Individual Defendants were able to and did, directly or indirectly, control the content of the statements of

Pagaya. As officers and/or directors of a publicly-held company, the Individual Defendants had a duty to disseminate timely, accurate, and truthful information with respect to Pagaya's businesses, operations, future financial condition and future prospects. As a result of the dissemination of the aforementioned false and misleading reports, releases and public statements, the market price of Pagaya securities was artificially inflated throughout the Class Period. In ignorance of the adverse facts concerning Pagaya's business and financial condition which were concealed by Defendants, Plaintiff and the other members of the Class purchased or otherwise acquired Pagaya securities at artificially inflated prices and relied upon the price of the securities, the integrity of the market for the securities and/or upon statements disseminated by Defendants, and were damaged thereby.

44. During the Class Period, Pagaya securities were traded on an active and efficient market. Plaintiff and the other members of the Class, relying on the materially false and misleading statements described herein, which the Defendants made, issued or caused to be disseminated, or relying upon the integrity of the market, purchased or otherwise acquired shares of Pagaya securities at prices artificially inflated by Defendants' wrongful conduct. Had Plaintiff and the other members of the Class known the truth, they would not have purchased or otherwise acquired said securities, or would not have purchased or otherwise acquired them at the inflated prices that were paid. At the time of the purchases and/or acquisitions by Plaintiff and the Class, the true value of Pagaya securities was substantially lower than the prices paid by Plaintiff and the other members of the Class. The market price of Pagaya securities declined sharply upon public disclosure of the facts alleged herein to the injury of Plaintiff and Class members.

45. By reason of the conduct alleged herein, Defendants knowingly or recklessly, directly or indirectly, have violated Section 10(b) of the Exchange Act and Rule 10b-5 promulgated thereunder.

46. As a direct and proximate result of Defendants' wrongful conduct, Plaintiff and the other members of the Class suffered damages in connection with their respective purchases, acquisitions and sales of the Company's securities during the Class Period, upon the disclosure that the Company had been disseminating misrepresented financial statements to the investing public.

COUNT II

(Violations of Section 20(a) of the Exchange Act Against the Individual Defendants)

47. Plaintiff repeats and re-alleges each and every allegation contained in the foregoing paragraphs as if fully set forth herein.

48. During the Class Period, the Individual Defendants participated in the operation and management of Pagaya, and conducted and participated, directly and indirectly, in the conduct of Pagaya's business affairs. Because of their senior positions, they knew the adverse non-public information about Pagaya's misstatement of income and expenses and false financial statements.

49. As officers and/or directors of a publicly owned company, the Individual Defendants had a duty to disseminate accurate and truthful information with respect to Pagaya's financial condition and results of operations, and to correct promptly any public statements issued by Pagaya which had become materially false or misleading.

50. Because of their positions of control and authority as senior officers, the Individual Defendants were able to, and did, control the contents of the various reports, press releases and public filings which Pagaya disseminated in the marketplace during the Class Period concerning Pagaya's results of operations. Throughout the Class Period, the Individual Defendants exercised their power and authority to cause Pagaya to engage in the wrongful acts complained of herein. The Individual Defendants, therefore, were "controlling persons" of Pagaya within the meaning of

Section 20(a) of the Exchange Act. In this capacity, they participated in the unlawful conduct alleged which artificially inflated the market price of Pagaya securities.

51. Each of the Individual Defendants, therefore, acted as a controlling person of Pagaya. By reason of their senior management positions and/or being directors of Pagaya, each of the Individual Defendants had the power to direct the actions of, and exercised the same to cause, Pagaya to engage in the unlawful acts and conduct complained of herein. Each of the Individual Defendants exercised control over the general operations of Pagaya and possessed the power to control the specific activities which comprise the primary violations about which Plaintiff and the other members of the Class complain.

52. By reason of the above conduct, the Individual Defendants are liable pursuant to Section 20(a) of the Exchange Act for the violations committed by Pagaya.

PRAYER FOR RELIEF

WHEREFORE, Plaintiff demands judgment against Defendants as follows:

- A. Determining that the instant action may be maintained as a class action under Rule 23 of the Federal Rules of Civil Procedure, and certifying Plaintiff as the Class representative;
- B. Requiring Defendants to pay damages sustained by Plaintiff and the Class by reason of the acts and transactions alleged herein;
- C. Awarding Plaintiff and the other members of the Class prejudgment and post-judgment interest, as well as their reasonable attorneys' fees, expert fees and other costs; and
- D. Awarding such other and further relief as this Court may deem just and proper.

DEMAND FOR TRIAL BY JURY

Plaintiff hereby demands a trial by jury.

Dated: _____, 2025
